14.2 The City shall be entitled to effect the write back immediately against the account holder's municipal account upon noting the fraud or misrepresentation.

14.3 The City may write back any amount previously written off on behalf of an account holder if the account holder at any time has a credit balance reflected against any of his/her municipal accounts and requests a refund from the City for such credit balance. The write back principle will apply to all other account holders, including indigent account holders.

15. INTEREST REVERSALS

15.1 An account holder may apply to the City, in the prescribed form, for interest on an account to be reversed.

To ensure the continuous payment of such arrangement the amount determined must be affordable to the debtor, taking into account that payment of the monthly current account is a prerequisite for concluding an arrangement. The main aim of an agreement will be to promote full payment of the current account and to address the arrears on a consistent basis.

36 TARGETS FOR COLLECTIONS

36.1 The City may set collection targets towards which it should strive to achieve on a periodic basis.

36.2 These targets must be consistent with generally recognised accounting practices for municipalities and collection ratios.

36.3 These targets must also be consistent with estimates of income set in the budget less an acceptable provision for bad debt.

37 APPEALS OF ADMINISTRATIVE DECISIONS

37.1 All administrative decisions by the City made in terms of this Policy may be appealed in terms of the internal escalation mechanisms within the Revenue and Customer Relations Management Department.

37.2 If the Revenue and Customer Relations Management internal escalation mechanisms have been exhausted and a consumer is still aggrieved, the consumer may appeal to the Appeals Board, a forum meant to assist the City Manager as the authorised appeals authority in terms of Section 62 of the Municipal Systems Act.

37.3 All appeals to the Appeals Board of the City Manager must be in the required form, failing which such may not be considered by the Appeals Board of the City Manager.

37.4 The Appeals Board shall make recommendations to the City Manager, who will finally decide on the matter.

37.5 The decision of the City Manager, assisted by the Appeals Board, shall be final, and any further recourse should be sought through the judicial system.
38 APPEALS MECHANISM FOR PREPAID METERS

38.1 A separate appeals mechanism exists for disputes arising from the issue and supply of prepaid meters.

38.2 The prepaid meters appeal mechanism is administered by the Department of Community Development within the City.
